

Date: April 19, 2026

To,
Mr. Ayaan Syed Imam
Grade 12
The Heritage School

Subject: Recognition for Winning First Prize at Young India Innovates D3 (2026 Edition)

Dear Ayaan,

On behalf of **Coding Avengers**, we are delighted to congratulate you on winning **First Prize at Young India Innovates D3**, held on 19 April 2026.

Your innovative project, **"Making Sports More Inclusive Through AI, IoT, and Haptics,"** featuring an AI-powered whistle detection system integrated with an IoT-enabled haptic feedback wristband, demonstrates the remarkable potential of technology to make sports more accessible and inclusive for hearing-impaired athletes.

Your solution, which combines artificial intelligence, real-time sound recognition, IoT connectivity, and wearable haptic feedback, reflects your technical creativity, problem-solving abilities, and commitment to developing technology with a meaningful social impact.

We particularly appreciate your initiative in addressing an important accessibility challenge in football and translating your idea into a functional prototype.

This recognition celebrates not only your outstanding achievement but also your dedication to innovation, your spirit of experimentation, and your vision of using technology to create a more inclusive world.

We wish you continued success in your future endeavours and look forward to seeing many more innovative ideas from you.

Congratulations once again on this well-deserved achievement!

With best wishes,

For Coding Avengers

Rajesh Mitra

Director

Coding Avengers (An ISO 9001:2015 Company)
